As this is a split role, the job profiles for both roles are included in the information.

This is an exciting role for a person with the relevant experience and knowledgeable in these fields to join our successful school and it is also a great role for a person looking to develop teaching and pastoral skills.

St Andrew is a school where all students are known and cared for. Our students appreciate being taught well and enjoy their learning; they do best when they are taught or supported by someone who knows them, and they respond well to those in our cover team.
